

Software Engineer

WE ARE PROCEEDIX

Proceedix is a fast growing **innovative technology company** with offices in New York and San Francisco. **Proceedix** is a **SaaS** platform for enterprise procedures and work instructions. Our Proceedix app on mobile and wearable technology empowers deskless workers in Industry 4.0. We are a Glass EE partner and we are nominated as 'best AR enterprise app' on the AWE2018 conference (USA).

WE SEARCH FOR A SOFTWARE ENGINEER

Dynamic professional with ambition to grow with and within the company. You will join our **US team** to expand our Proceedix **cloud platform** and to build integrations with the enterprise information systems of our customers.

You are eager to explore the possibilities of Assisted Reality (AR) in enterprise environment. You love the **vibe of a tech startup** and the challenge of a very fast changing work environment.

WE WANT YOUR APPLICATION

You have a good knowledge of **.Net framework, C# and SQL Server**.
You have a (master) degree in Engineering or ICT.
Experience in **web** programming is a plus.

You are willing to travel to support customers on site in the US.
